Rider Levett Bucknall provides Professional Consultancy services within a partnered framework agreement with Cheshire Police Authority. Cheshire Police portfolio has over 70 properties including police stations, training schools, divisional headquarters and specialist facilities in various urban and rural locations including airports and motor services stations.

Rider Levett Bucknall has been an integral partner in the overall master plan and rationalisation of the Force from seven to three divisions. Rider Levett Bucknall has worked hand in hand with the Police Authority and this has led to several employees working on professional secondment for strategic planning and service delivery. This has allowed the partnership agreement to be implemented with an excellent working relationship between client and consultant.

Client Benefits

- Experience and knowledge of key operational needs
- Partnering ethos in service delivery
- Multi disciplined capacity and service delivery

Customer Feedback

“Looked a promising partner at interview and has since convinced that the decision to run with Rider Levett Bucknall was a good one”

“Very pleased that communication is structured and that Rider Levett Bucknall do it “in layers.....learnt Customer requirements very quickly...takes comfort that “ground troops” get appropriate management support”.

“Feel that Rider Levett Bucknall was very open and willing to listen to their customer. Will advise and challenge as well as listen”
