

Project Profile

1 Snowden Street & 6 Broadgate | London

Client	UBS
Client Sector	Commercial
Project Value	£2m £10m
Services Provided	Quantity Surveying
Project Size	40,000 sq ft 60,000sq ft
Architect	Cochrane McGregor Pringle Brandon Architects

UBS Investment Bank has appointed Rider Levett Bucknall to carry out Quantity Surveying services on two buildings.

The first at Snowden Street is a Category B fit-out of 3 floors of office space totalling approximately 40,000 ft which has been designed by Cochrane McGregor Architects.

The second at Broadgate was a Category B fit-out of 3 floors of office space totalling approximately 60,000 ft², which has been designed by Pringle Brandon Architects.

The procurement is two stage traditional and is being negotiated with ISG Interior Exterior who are already carrying out works for UBS.

The projects were completed in March 2007 and June 2007 respectively.
