Services Provided	Project Management Quality Monitoring Planning Supervision
Project Size	
Architect	
Contractors	

Rider Levett Bucknall was appointed by Cobelfret to provide Project Management, Quality Monitoring and Planning Supervision services for the construction of a new specialised vehicle workshop facility located within the Humber Sea Terminal.

During the pre-contract stages Rider Levett Bucknall managed the whole Procurement Process, Co-ordination and preparation of tender documentation, liaising with legal agents and planning authorities and recommending a contractors appointment.

Throughout the construction phase of the project Rider Levett Bucknall provided a complete Project Management and Project Monitoring role, constantly reviewing the progress to ensure that progress was maintained, quality was adhered to and that all works were in accordance with the Belgium team's design and specification.

In addition, Rider Levett Bucknall also acted as Planning Supervisor, ensuring that the employer complied with the current UK Health & Safety legislation.
