### The Royal Parks

<b>Client</b>	RF Hotels
<b>Client Sector</b>	Leisure
<b>Project Value</b>	£22m
<b>Services Provided</b>	Project Management
<b>Project Size</b>	
<b>Architect</b>	
<b>Contractors</b>	

**This project will enhance physical and social access to improved sports facilities in Regent's Park (largest single venue for outdoors sport in central London).**

The project provides a model for future community sports provision across the 8nr Royal Parks and includes:

- A new, energy-efficient Sports Pavilion with flexible changing provision catering for adults and children, people with disabilities and groups who for cultural or religious reasons require privacy
- 18 new football pitches and 6 cricket tables, with innovative drainage and irrigation scheme to ensure year-round usage.
- Athletics track renovation and redevelopment. Refurbished outdoor gym and fitness trail. Computerised sports pitch booking system, landscaping, signage and new pathways
